

Please use caution along the Greenway

The Smithfield Water Filtration Plant would like to announce construction will take place along the section of the Greenway that passes through the Water Plant property at 515 N 2nd Street. This construction will begin February 29th and is scheduled to end May 6th.

During this time the Greenway will remain open however detours may be experienced. Please follow signs as posted.

Also please use caution as construction equipment may cross the Greenway during this time.

The Town of Smithfield appreciates your patience and cooperation during this time.
